

A Patient's Guide: Registering in MyCareCorner

The MyCareCorner (MCC) patient portal provides patients with access to their electronic health record. You, as the patient, can register for the MyCareCorner patient portal several different ways. Typically, your healthcare provider (hospital or clinic) will provide you with an email (if you provided an email address) or a printed copy of instructions for accessing the MyCareCorner website. But, you can also self-register by accessing the MyCareCorner website directly.

- **Email Invitation:** Contact your healthcare provider (hospital or clinic) to request an email registration invitation for MyCareCorner.
- **Printed Invitation:** Contact your healthcare provider (hospital or clinic) to request a printed registration invitation for MyCareCorner.
- **Self-Register:** Go to MyCareCorner.net and create an account. Once you have an account, you will need an invitation (or invitation code) to [access your health record](#) and those of your family members.

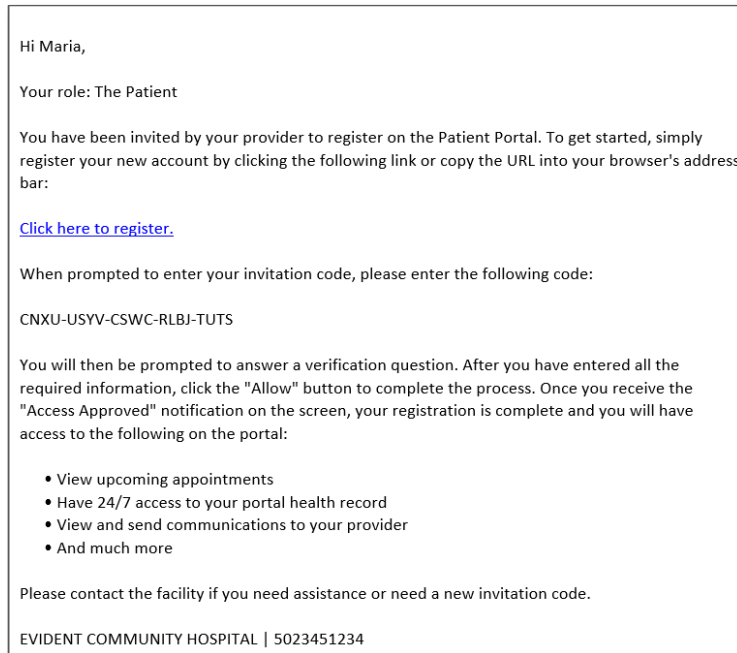

Gaining access to your health record is a 2-step process, regardless of the method that you choose.

- Step 1: Create a MyCareCorner account.
- Step 2: Link your health record (or the record of a family member) to the appropriate MyCareCorner account.

The instructions for these steps are included in this document.

Using the Email Invitation

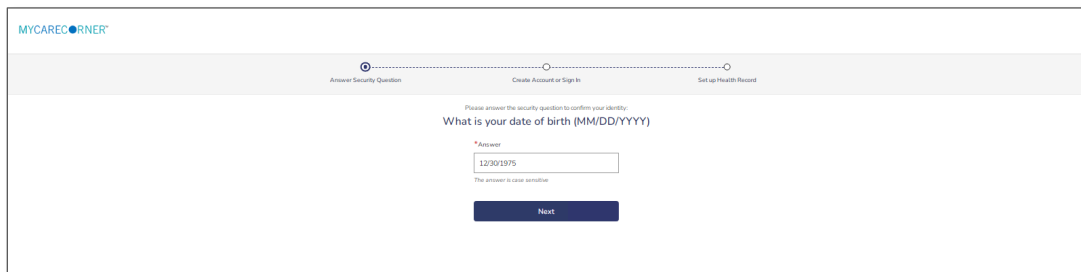

The email is generated by your healthcare provider (hospital or clinic) and contains embedded information specific to the patient being invited to the portal. If you haven't received an email, contact your provider to generate one for you.

1. Click the link in the email. The MyCareCorner welcome page is launched in your web browser.

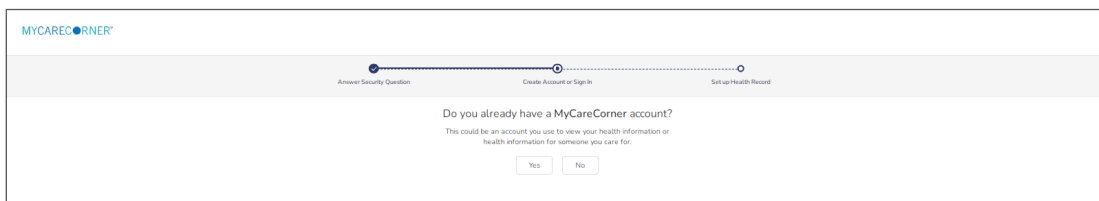

2. Click **Continue**. A security question is displayed to confirm your identity. Answer the question and click **Next**.

The screenshot shows the MyCareCorner registration process at the 'Answer Security Question' step. A progress bar at the top indicates the current step. The main heading is 'What is your date of birth (MM/DD/YYYY)'. Below this is an input field containing '12/30/1975'. A 'Next' button is positioned at the bottom of the form.

Typically, the answer to this question is **No**. If you click **No**, the Create Your Account page is displayed. Proceed with step 4.

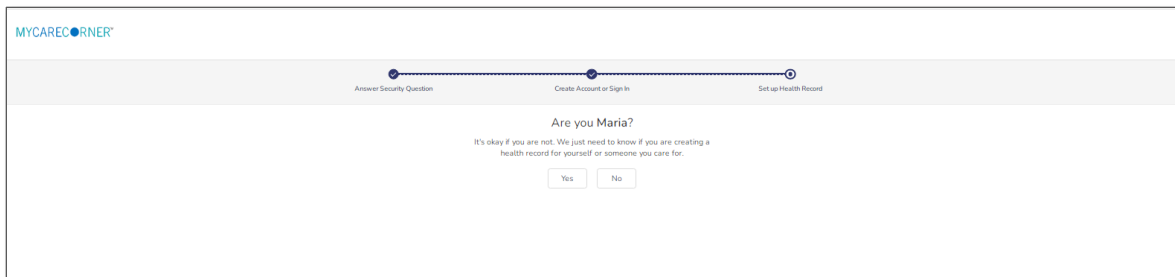

However, if you already have a MyCareCorner account that you set up previously ([self-registered](#) or invitation from another provider), click **Yes**. If you click **Yes**, the Sign In page is displayed. Enter your **Email** and **Password** and click **Sign In**. An Invitation to Access page is displayed, indicating records that can be associated with your account. See the next section of this document, [I Have an Existing MyCareCorner Account](#), for your next steps.

4. In the fields on the Create Your Account page, enter your first name, last name, an email address and password.
